Link Governor for Safeguarding / SEN / LAC

Pecuniary Interests	25 September 2017	Hillsborough Sports Arena, Charitable Company
		Friends of Thornbridge Outdoors, Charitable Company
		Chair of Governors Crucible Federation of schools: Owler Brook Primary & Whiteways Primary

Personal Profile:

My professional career has been within the education sector, working as a secondary and FE teacher, HE lecturer, researcher and education adviser in the primary, secondary and special sectors. I have been a senior manager within the Local Authority, as well as a specialist adviser in physical education and sport. I am currently a Chair of Governors of a Federation of two Sheffield Primary schools and have been a chair of 2 other Primary schools in the past and a governor of 2 Secondary schools. As a result, I have extensive experience in and understanding of, the education system, its processes and procedures and its governance.

I am committed to young peoples' learning and development. Towards the end of my professional career, I had responsibility for a large team and budgets of several million pounds. Whilst I largely had an advisory, strategic and leadership role in the Local Authority, I have worked in the Inspectorate and I have had some experience of capital building projects. As a Chair of Governors, I have a good understanding of the role of Governing Bodies, their protocols and function. In this role, I have led a GB out of an Ofsted category "Requires Improvement" to "Good with Outstanding features" and overseen a school expansion including new build.

Whilst I am committed to high quality educational opportunities for all children and young people, I am particularly enthusiastic about the enhanced opportunities that UTCs can bring to a broad yet vocationally focussed education. At various points in my career I have been involved in innovative and creative approaches to learning and I honestly believe that what we can provide at UTC Sheffield is an exciting and substantial offer that will have a major impact on the lives of those young people who are our responsibility.

I believe that the genuine commitment to put employers at the heart of the planning and delivery of the curriculum does make a significant difference and will impact positively on the development of the workforce of the future, which in turn supports economic and social regeneration.

Ian's skills are:

- Leadership and Management
- Strategic Planning
- Change Management
- Innovative thinking
- Communication
- Performance Management
